THE DETAIL

The Detail

The ground floor is centred around an impressive open-plan layout, creating a natural flow between the kitchen, dining and living areas. The reception area is finished with wood grain effect flooring, which continues throughout the ground floor and provides a warm and practical finish. The staircase rises from the reception area to the first-floor landing, with the overall arrangement offering a versatile space suited to both everyday family life and entertaining.

The kitchen forms the centrepiece of the main living space and is fitted to a high specification, featuring contemporary matching wall and base units complemented by quartz worktops. There is a sink drainer with mixer tap, integrated Hotpoint microwave and electric oven, Bosch four-ring induction hob with cooker hood, frost free fridge freezer, dishwasher and automatic washing machine. Integrated lighting and a dedicated dining area add further practicality, while the generous open-plan arrangement allows the kitchen, dining and living spaces to work particularly well together.

The living area benefits from useful understairs storage and a dedicated television recess, with bi-fold doors opening onto the rear garden and creating an excellent connection between the indoor and outdoor spaces. A rear hallway provides access to the garden via a composite door, as well as direct internal access into the integral garage. A contemporary downstairs WC is also positioned conveniently off the hallway.

To the first floor are four bedrooms, providing excellent flexibility for family accommodation, guests and home working. The principal bedroom features stylish sliding mirrored wardrobes and space for additional furniture,

The family bathroom has a contemporary finish and includes a panel bath, wash hand basin, low-level WC, recessed lighting and shaver point.

Outside, the property benefits from a wide rear garden, predominantly laid to lawn and complemented by a patio area providing a useful space for outdoor dining, entertaining and relaxation. To the front, a tarmac driveway provides parking for two vehicles and leads to the integral garage, while an EV charging point adds an increasingly desirable modern convenience. The garage benefits from power, lighting and an up-and-over door.
