- Freehold

Set within the idyllic Furness countryside, this impressive farmhouse offers extensive accommodation that has been thoughtfully upgraded to combine rustic charm with stylish modern living. The current owners have sympathetically enhanced the property's original character while introducing modern fixtures and fittings throughout. A strong focus on eco-efficiency includes an air source heat pump, solar-enhanced hot water via roof-mounted panels and a solar PV system generating FIT payments, and also supplementing the water heating by diverting any surplus electricity. Outside, the property is features extensive walled gardens with useful outbuildings, ample parking for several vehicles and a garage. Despite its peaceful rural setting, the home also benefits from fast Starlink satellite broadband, offering the perfect balance of countryside living and modern connectivity.
