- Prime Darwin Park location

Some homes give you more space. Others give you a better lifestyle. This Home somehow manages both. Set over three impressive floors and offering up to six bedrooms, three bathrooms and multiple living spaces, this is a home designed around modern family life. Beautifully finished throughout, the standout kitchen, dining and family space forms the heart of the home, whilst outside you'll find a low-maintenance garden and a double garage currently set up as a gym. All of this sits on Darwin Park, where morning walks past Lichfield Cathedral, trips into the city centre and a stroll to Waitrose become part of everyday life.
