EXTENDED HOME WITH EXCITING POTENTIAL & GENEROUS MATURE GARDENS - A well-proportioned, traditional 1930s-style semi-detached home, set on a generous plot and offering excellent potential for modernisation, improvement, and extension (subject to the necessary planning consent). The property is situated in the highly sought-after South Derbyshire village of Willington, with its excellent local amenities and transport connections.

The accommodation briefly comprises: entrance porch, hallway, spacious lounge/dining room with open-plan access to the kitchen, extended garden room, and ground-floor shower room. Upstairs, the first-floor landing leads to three well-proportioned bedrooms and a shower room.

Externally, the property is set back from the road with a generous block-paved driveway, side passage, and workshop. A particular feature of this home is the extensive, mature rear garden, which includes a patio, a generous lawn, and well-stocked planting beds and shrubbed borders.

The Detail

Entrance is via uPVC double-glazed doors with matching side panels into a porch with tiled floor and Worcester combination boiler. A panelled, glazed, leaded door with double-glazed side lights leads to the entrance hall, featuring a staircase to the first floor, understairs storage, and access to the spacious lounge/dining room.

The lounge/dining room has a feature fireplace with wooden surround, granite hearth, and inset gas fire. A bay window faces the front, while the dining area has dual-aspect views of the rear garden and open-plan access to the kitchen.

The kitchen includes wood-edged work surfaces, tiled splashbacks, base cupboards and drawers, wall units, four-ring gas hob, built-in oven, and space for fridge and dishwasher. A window overlooks the side, and a door opens to the garden room.

The garden room features rooflights, sliding patio doors to the garden, and a side door to the passageway and workshop. It also provides access to a ground-floor wet room with WC, basin, electric shower, heated towel rail, and rear window.

Upstairs, the semi-galleried landing leads to three bedrooms and a shower room, with loft access and a side window. The primary bedroom overlooks the rear garden, while the second and third bedrooms face the front. The shower room has WC, vanity basin with storage, large shower, heated towel rail, and rear window.

Outside, a block-paved-effect driveway provides off-road parking for three vehicles. A covered side passage gives access to the workshop and rear garden.

The substantial rear garden includes a patio, extensive lawn with shaped borders, mature plants, shrubs, and trees, plus a timber shed and greenhouse. The garden is fully enclosed by timber fencing.
