Situation

The property is approached through metal entrance gates from the council maintained roadway that passes through the village of Nantglas.

LAND

Along with the bungalow and versatile steel portal framed building, this property has approximately 15 ACRES of land

The fields are currently laid to permanent pasture and comprise gently sloping parcels, all except two of which are naturally watered.

The land is accessed from two locations - from the rear of the property, and via a single track lane off the council maintained highway that passes through the hamlet of Nantglas.

The holding would be ideal as pony pasture, with the

steel framed building idea for conversion in to American-barn style stabling, and it would offer a good base for accessing the fabulous outlying that the area is famous for.

The south facing aspect of the ground and the lovely views that it commands may also make it suitable for other leisure and amenity uses, subject to gaining any necessary planning consents.

OUTBUILDINGS

There are several useful outbuildings on the land, as follows:

Portal Steel Framed Shed/Wokshop

60m x 40m (196'10" x 131'2")

60m x 40m portal steel framed shed with large sliding door. Internally there is an inspection pit, part stone/part gravel flooring and a mezzanine floor suitable for additional storage of items. Attached to this building are useful Store Sheds for firewood and so on.

Implement Shed

Offering very useful storage for vehicle, implements and other items is this open fronted shed with box profile roof and sides, and having lap boarding to the rear.

Attached Shed

With two fields adjoining the road passing through the village there is a block built shed with box profile roof, that offers parking opportunities in front of it as it is set back slightly from the access land. This shed adjoins a residential stone house (not included in the sale)

Stone Ruins - Nantglas House and Upper House

Located in the land are the ruins of two previous stone houses - Nantglas House and Upper House. Whilst these

ruins are obviously no longer habitable they have substantial reserves of stone and provide shelter for many fauna of the area.

Services

Mains electricity and water, Private drainage. Solar Panels.

Local Area

This attractive and desirable property is located in a beautiful part of Mid Wales, renowned for its unspoilt countryside, flora and fauna. It lies approximately five miles south of the friendly market town (www.rhayader.co.uk) of Rhayader situated in the beautiful upper Wye Valley.
