A TRULY STUNNING BRAND NEW DETACHED SINGLE STOREY SWELLING, STYLISHLY DESIGNED AND FINISHED TO EXACTING HIGH-END STANDARDS, ENJOYING A TRANQUIL POSITION BACKING ONTO FIELDS IN THIS HIGHLY REGARDED VILLAGE.

- New-build detached property • 1900 sqft / 176 sqm • 4 beds, 3 baths, 2 recepts • Air source heat pump •
- Driveway parking • Bespoke handcrafted contemporary kitchen in oak • Velfac windows and doors •
- High specification throughout • EPC - predicted "B" rating • Solar (PV) energy panels to roof •

A truly unique and individual home with a contemporary aesthetic, serving as a positive exemplar for rural architecture in the village. Meticulously crafted and finished to a particularly high specification throughout, carefully chosen materials have been used with fine, considered detailing. Modern functionality is cleverly blended with timeless elegance, whilst natural light and sense of space is achieved from floor-to-ceiling glazing and high ceilings. A refined taste is evident throughout, resulting in an understated, elegant and calming environment in which to call home.

Situated on a quiet no-through road and backing onto fields, the property offers accommodation arranged over one floor, extending to 1,900 sqft (176 sqm). Crafted as a single-story dwelling, the design supports accessibility whilst the orientation ensures that key rooms enjoy panoramic views, capitalizing on natural light and heat. The needs of modern family living have been carefully woven into the layout, including a superb open-plan kitchen/dining/family room, separate living room, four generous double bedrooms and three bathrooms; catering for multigenerational living or evolving family needs. Abundant natural light floods through the property and large bi-fold doors provides outdoors-in living and a connection to the outside space.

The open-plan kitchen/dining/family room is the real hub of the home, offering exceptional space in which to cook, dine, gather as a family and socialize. The kitchen itself is a fine example of craftsmanship at its best, with artisanal details and tactile high-end finishes. Beautiful design is paired with integrated Siemens appliances, Fisher & Paykel French door fridge/freezer, and a large breakfast island unit. The dining area is adjacent large picture windows overlooking the garden, and an ample family area provides sitting space with bi-folds out to the garden; offering a sense of the outdoors-in. A generous separate living room to the front of the property provides a balance to the open-plan layout and allows privacy to retreat from the family hubbub.

There are four generous double bedrooms; two of which benefit from beautifully appointed en-suite bathrooms, plus a luxuriously fitted family bathroom. Off the kitchen/dining/family room there is a thoughtfully fitted utility room including a range of fitted storage together with Siemens washing machine and separate dryer. A light and spacious entrance hall seamlessly connects the home and is a welcoming transition zone.

Outside, a large patio provides generous space for outdoor dining and entertaining whilst steps up lead you to the wrap-around lawned area. Mature hedging provides an established feel to the plot and the garden is private, with fields beyond to the rear. There is gated side access and to the front of the property there is off-road parking for two vehicles.

The property benefits from a 10-year ICW Warranty.

LOCATION

Little Eversden is located about 7 miles to the south-west of Cambridge, surrounded by undulating countryside. There is easy access to the M11 at Junction 12 to the north-east and to the fast rail service to London King's Cross from Royston mainline station, approximately 10 miles to the south. Village facilities include a doctor's surgery, and a local pub/restaurant. The nearby village of Comberton has primary schooling and a highly regarded village college and sixth form, along with a large Co-op store for groceries and household supplies.
