Offered to the market with no upward chain, this three bedroom home presents an excellent opportunity for buyers looking for a project or a property they can put their own stamp on. The property is conveniently located within walking distance of Stoke Primary School and Stoke Park School, with local amenities nearby and easy access to the A444.

The accommodation begins with an entrance hall leading to a separate living room and dining room. The dining room provides access to the conservatory, creating additional flexible living space. There is also a kitchen, while two useful additional store rooms and an outside WC provide excellent potential for reconfiguration and further improvement.

Upstairs, there are two double bedrooms, a further good-sized single bedroom and a family bathroom.

Externally, the property benefits from a long rear garden extending towards a garage at the rear. The existing layout and additional outbuildings provide scope for a substantial extension, subject to the necessary planning permissions. To the front is a walled garden.

The property does require renovation and improvement throughout, but offers plenty of scope for a buyer to create a home to their own specification. Its generous plot and potential for extension make this an excellent project opportunity.
