Description

Step through the front door into a spacious and welcoming entrance hall, offering ample room for coats and shoes. Positioned at the front of the property, the living room is a stylish and inviting space, featuring laminate flooring that flows seamlessly through from the hallway. Contemporary finishes include a modern vertical column radiator and attractive acoustic wall panelling, creating a warm and comfortable setting for relaxing or entertaining. Opposite the living room is the beautifully appointed family bathroom. Tiled for a sleek and modern finish, including a vanity unit with concealed WC, sink and useful storage, alongside a bath with handheld shower attachment. A heated towel rail and large heated mirror complete the space.

The kitchen has been thoughtfully designed with a range of light grey shaker-style wall and base units, complemented by contrasting worktops and stylish wall tiling. Integrated appliances include an electric oven and four-ring gas hob, while a boiling water tap provides everyday convenience. There is also space for a dishwasher, making the kitchen both functional and family-friendly. The recently installed combi boiler, fitted in 2025 as part of a complete new heating system, is neatly tucked away within the kitchen. A useful utility cupboard provides space for a washing machine, tumble dryer and additional household storage. French doors open directly onto the rear garden, allowing natural light to flood the room and creating an effortless connection between indoor and outdoor living.

Upstairs, the property offers three well-proportioned bedrooms. The main bedroom is a generous double room situated at the front of the house, while the second bedroom overlooks the rear garden and also accommodates a double bed, benefiting from built-in storage over the stairs. The third bedroom is a good-sized single room, ideal as a child’s bedroom, nursery, dressing room or home office. The rear garden has been designed with low maintenance in mind, combining lawn, with attractive shingled areas to create a versatile outdoor space. Timber sleeper steps lead down to the garage, which benefits from power and an up-and-over door, making it an ideal workshop, hobby space or secure storage area.

To the front of the property, a generous shingled driveway provides off-road parking for two to three cars.
