Summary Description

Situated at the foot of a cul de sac within a modern development of similar homes in Hilton, this three storey, three bedroom mid terraced townhouse offers well proportioned accommodation extending to 112 square metres (1210 square feet). Immaculately presented throughout, the property is ideally suited to a first time buyer, professional couple, or growing family looking for a home that is ready to move into. The layout is both practical and versatile, with a welcoming entrance hall, a front dining room, and a well appointed breakfast kitchen to the rear opening onto the garden. Across the upper floors, the accommodation continues to impress with three genuine double bedrooms and a comfortable lounge, giving buyers flexibility for family living, entertaining, or home working.

A particular strength of the property is the quality of its finish and the balance of living space on offer. The breakfast kitchen is fitted in a modern shaker style with integrated appliances, breakfast bar, and French doors leading out to the enclosed rear garden. There is also a separate utility room and guest cloakroom, adding further practicality. The first floor lounge is a generous and attractive reception room, while the principal bedroom benefits from fitted wardrobes and its own en suite shower room. Bedroom two also includes fitted wardrobes, and the family bathroom is well presented in keeping with the rest of the home. Outside, the landscaped rear garden has been designed for low maintenance and privacy, with patio seating areas, artificial lawn, outdoor power, and a cold water tap. A single garage and driveway parking complete the package.

Hilton remains a consistently popular Derbyshire village for buyers wanting a strong sense of community alongside everyday convenience. The village offers a useful range of amenities, schooling for various age groups, and straightforward access to surrounding centres including Derby and Burton upon Trent. There are regular road links nearby, with the A50 placing commuter routes within easy reach, while local bus services support travel in and around the area.
