Situated within the popular village of Little Clacton, this well-presented two-bedroom terraced bungalow offers comfortable single-storey living with a bright and spacious open-plan living area, modern fitted kitchen, enclosed rear garden and allocated parking. Ideally suited to first-time buyers, those looking to downsize or investors, the property enjoys a practical layout with generous room proportions and convenient access to local amenities, transport links and the nearby Essex coastline.

STEP INSIDE

A pathway through the communal frontage leads to the entrance door, opening into a central hallway that provides access to the principal accommodation. Cleverly designed with useful built-in storage cupboards, the hallway creates a welcoming first impression while offering practical everyday storage.

Positioned to the front of the property are two well-proportioned bedrooms. Bedroom One measures 4.57m x 2.74m (15'0" x 9'0"), providing an excellent principal bedroom with ample space for a double bed and accompanying furniture. Bedroom Two measures 3.48m x 2.57m (11'5" x 8'5"), making an ideal guest room, child's bedroom or home office.

The shower room is conveniently located off the hallway and is fitted with a walk-in shower enclosure, low-level WC and a wall-mounted wash hand basin, creating a clean and functional space.

Continuing through the bungalow, the accommodation opens into an impressive open-plan living area

measuring approximately 6.86m x 5.79m (22'6" x 19'0"), providing clearly defined lounge and dining areas whilst retaining an excellent sense of space. This versatile room is perfect for both relaxing and entertaining, with plenty of room for lounge furniture alongside a family dining table.

The kitchen/dining area measures 5.84m x 2.97m (19'2" x 9'9") and has been fitted with an attractive range of contemporary blue-fronted base and wall units complemented by square-edged work surfaces. Integrated appliances include a fridge/freezer, dishwasher, washer/dryer and an oven with a four-ring hob and extractor above (appliances not tested).

The layout offers excellent preparation space while maintaining an open connection with the dining and living areas, creating a sociable environment ideal for modern lifestyles. Doors lead directly from the dining area into the rear garden, seamlessly linking indoor and outdoor living.

STEP OUTSIDE

Outside, the enclosed rear garden has been designed for ease of maintenance, beginning with a paved patio that provides an ideal space for outdoor seating and dining before extending onto a lawned garden.
