- Spacious Reception Rooms
- Central Chiswick Location
- Modern Attic & Extension
- Quiet Residential Street

MERTON AVENUE

£1,724,950

A charming period house that provides unusually wide dimensions that lends itself to a bright and airy living space. The property is in a quiet enclave street that protects you from unwanted traffic and noise. The house is offered chain free.

On entry to the house, its wide proportions become clear, there is a large front reception room that incorporates period features such as an attractive feature fireplace, an ornate bay window, picture rails and ceiling corning. To the rear, the property has a spacious open kitchen diner which is flooded with light from large windows and sky lights and leads onto a sunny patio garden. There is also a good size cellar and W/C on this floor. Above, the first floor enjoys two double bedrooms which follow similar proportions to the living room and kitchen. There is also a smaller single bedroom and a family bathroom. On the top floor there is another double bedroom complete with an ensuite. The roof was completely redone when this room was constructed and therefore this room enjoys extra ceiling height.

Merton Avenue is a quiet enclave street situated just seconds from Chiswick High Road and is a short walk away from Stamford Brook and Turnham Green stations. Merton Avenue and Cleveland Avenue are protected from through traffic and as such provides a quiet haven of a neighbourhood that also has amenities and transport links on their doorstep. Chiswick and its nearby surrounding area has many leading local schools and is also on travel routes for school buses to larger schools more centrally and further West.
