GENERAL REMARKS

Quarry Cottage is a real labour of love, having been totally redeveloped to a high standard by the current owner. The property is now presented as a characterful home which caters to the demands of modern day life and has a keen eye too, on the energy costs of today's living style. It has an excellent energy rating boosted by 12 PV panels feeding a 5.8kw battery with the mains as a back up supply. Oil fired heating is installed to an underfloor system to the ground floor plus 'Roointe Smart' electric heaters, A fire sprinkler system, double-glazing and 'Reolink' security system installed. It also has fibre broadband providing around 150 mb/s.

Add to this the stylish finish of all the rooms with two master bedrooms both en-suite with Juliet balconies and walk-in wardrobes, a ground floor 3rd bedroom/office with adjacent shower room, large living room with log stove, well equipped, open plan kitchen/diner which opens onto the patio with views. A utility and hall complete the internal arrangement. Outside is an excellent garage/workshop with additional off road parking. To the north wing is a level paved patio, ideal for entertaining with country views. The area to the rear is quite steep and has level areas with wild flowers and alpines and with great views.
