The home currently offers four generously sized bedrooms, with scope to expand to as many as seven, making it well-suited for Airbnb hosting, HMO investment, or multi-generational living. Two adaptable reception rooms provide plenty of flexibility for both relaxing and dining, as well as the option to create a dedicated home office or entertaining space.

The main family bathroom is fully tiled and fitted with a modern three-piece white suite, delivering a fresh, contemporary feel. In addition, a large loft area (subject to planning permission) presents an excellent opportunity for further development.

Outside, the west-facing rear courtyard creates a private and easy-to-maintain outdoor retreat, complete with convenient side access. At the front, a double-width block-paved driveway, secured with a safety bar, offers valuable off-street parking for several vehicles, a standout benefit for properties in this area.
