Clifton Road, TW11

At the front of the house there is a good sized reception room that has been opened up towards the staircase which gives it a nice airy and open feel. Then to the rear of the property is a large open plan kitchen diner. The kitchen is very open and there is plenty of space for a large dining table then as you go through in to the extension at the rear there are sky lights and bi-fold doors making it a really bright room letting a lot of light in. There is a really nice low maintenance garden to the rear and once the bi-folds are open it almost brings the outdoors indoors. The property has recently had the front garden landscaped. On the first floor there are two double bedrooms and a modern bathroom then going upstairs to the second floor there is the large master bedroom with en-suite bathroom.
