The internal accommodation comprises: a UPVC double-glazed entrance porch featuring a tiled floor. The entrance porch leads through a full-glazed internal door into the reception room, currently utilised as a music room, where an open glass and oak staircase rises to the first-floor landing. LVT flooring runs throughout the ground floor, enhancing both durability and aesthetic appeal. The living room is positioned to the front elevation and enjoys a bay window, with a stove-effect fire set within an alcove and finished with an oak mantel, creating an attractive focal point. The kitchen/dining room has been refitted with solid oak wall and base units complemented by solid wood work surfaces. It incorporates a sink and drainer unit, hob with extractor over, and a double Neff oven, with additional space for a slimline dishwasher, washing machine and dryer. A dining area sits adjacent to the kitchen, with sliding patio doors opening into a double-glazed conservatory, which in turn provides direct access to the rear garden.
