The entrance hall features a hatch to the loft space with a drop down ladder, an airing cupboard housing the hot water cylinder and slatted shelves for storage, and a cupboard containing the electrical consumer unit and gas meter.

The kitchen is fitted with a range of solid wood wall and base units, a contrasting worktop, a double sink with a mixer tap and drainer, tiled walls, and two UPVC double glazed windows. Integrated appliances include a four burner gas hob with an extractor fan above, an undercounter double oven, a dishwasher, a washing machine, an undercounter fridge, and a separate freezer.

The sitting room has sliding doors into the dining room, a TV aerial point, a feature gas fire with a tiled hearth and surround, and two steps leading down to the dining room.

The dining room offers a fantastic view over the rear garden, double casement doors leading out onto the patio, and access through to the kitchen.

The shower room has been recently upgraded and now features tiled flooring, fully tiled walls, and a modern suite comprising a wash hand basin with a mixer tap and storage beneath, a WC, a walk-in double shower with thermostatic shower attachments, and a modern chrome heated towel rail.

There are two spacious double bedrooms, both benefiting from built-in storage and a view to the front of the property. The master bedroom is particularly spacious and includes a wall mounted TV aerial point.

Gardens & Grounds

The front garden has been laid to lawn, with high level hedging and a low level wall to the front. The driveway provides off road parking for approximately three vehicles and gives access to the single garage, which has an up and over door, power, lighting, a UPVC window to the side, and a pedestrian door to the rear. This leads to a gardener's toilet with a UPVC door into the garden, a UPVC double glazed window, a WC, and a wash hand basin. This space could also serve as an additional utility room if required.

The rear garden is a particular feature of this property, being extremely private and secluded with high level fencing and hedging. It includes a large lawn area, a raised patio, an ornamental fishpond, a greenhouse, and a storage shed.
