Overview

Situated on the third and fourth floors of a handsome period building, this incredible penthouse apartment has a private roof terrace with pretty London rooftop views. The apartment has been meticulously interior-designed throughout by Edward Phillips, providing a striking style with wide-planked modern flooring, contrasting black woodwork and statement lighting. Both bedrooms and stylish shower rooms, one ensuite, are positioned on the third floor, while the study and inviting open living and kitchen space are on the upper floor with incredible skylights leading to a private terrace. The building features a stunning sweeping staircase, creating a luxurious feel from the front door to the flat. Please note a lift does not service this building.

King Street is one of Covent Garden's most sought-after addresses and benefits from being fully pedestrianised 20 hours a day. Leading directly onto the Piazza and the historic Market Building, the street plays host to a variety of luxury retail brands, including Apple, Glossier, Chanel and Dior, in the immediate vicinity.

People Make Places

London is a collection of inspiring urban villages and one of the most exciting places in the world to live, work & play.

We work with both property owners and their occupiers, sharing the story of these vibrant neighbourhoods, conveying the unique soul & energy to future custodians, the people who'll keep them buzzing.

And unlike many real estate businesses we're not just about buildings, because streets & buildings don't make a neighbourhood.

We're about building relationships, because **people make places**.
