DESCRIPTION

A gorgeous Grade 2 Listed detached three bedroom family home of historic origins, built into the original walled gardens of the Tehidy Country Estate. Believed to be the original head gardener's house on the Estate, the property benefits from a superb position within the estate and enjoys private gardens and grounds of approximately 1/3 of an acre. Remarkably, the property forms part of the walled garden itself, with a continuation of the double storey original wall adjoining both sides of the home. This beautifully presented home also benefits from access to 42 acres of private estate land within Tehidy Country Park.

Internally the property offers wonderfully light and airy accommodation throughout, with the vast majority of rooms within the house being of dual aspect design, with many of those rooms affording stunning outlooks across the gardens and grounds. There is an Entrance hall, Sitting room, Dining room, Conservatory, Kitchen/Breakfast room, Utility room and ground floor W.C. along with three bedrooms and family Shower room to the first floor, including an impressive Principle suite with a dedicated En-suite Bathroom.

Externally, there is parking for several vehicles, a detached double Garage, and stunning gardens and grounds. The current vendors have nurtured and improved the Gardens over their fourteen years of ownership to now offer wonderfully mature colourful spaces that now rely principally on maintenance rather than too much hard work!

The property itself, far from being overshadowed from the glorious gardens and grounds, offers comfortable and airy accommodation throughout, and offers a lovely balance between modern efficiency and originality, in keeping with its Grade 2 listing. As such there is an abundance of lovely features in keeping with the era, to include feature fireplaces, sliding sash windows and lovely low hipped roof lines. This handsome home has been impeccably maintained both inside and out, and represents a quite unique opportunity in today's market place.

17'10" x 16'4" (5.44 x 4.98)

A sizeable detached double garage with pitched roof creating storage above. Power and light. Electrically operated double garage door. Further pedestrian door opening into rear walled garden.

TO THE FRONT

A private gravelled driveway provides parking for several vehicles, and gives direct access into to double garage. A stunning and imposing Palm tree sits to one side of the driveway with a row of deciduous trees lining the boundary to the far right of the front garden. There's a pleasant almost level lawned garden adjacent to the driveway which benefits from a wealth of deep planted beds within the lawn and to the borders. To the rear of the garage is a concealed area which provides ample storage space for bins and refuse etc. Another pathway leads between the House and Garage, leading to a pedestrian gate through the original garden wall, leading to the main garden.

To the left hand side of the driveway there's a wrought iron pedestrian gate which leads around to the front side of the house. This provides access into the main home either through the main entrance hall and also through the Utility room via a pretty Stable door. This front courtyard area is home to the original Privy, which has been improved and repurposed as a storage shed and useful Wood store. The courtyard is a blaze of colour thanks to plantings at its edges to include Cape daisies, bluebells, a hydrangea and ferns. The courtyard narrows, and a gravelled pathway follows the perimeter of the house, opening up into a delightful tucked away sunny paved terrace area at what originally would have been the main facade of the building. This sheltered area is also accessible from the conservatory and Dining room. Flanked by generous laurel hedging and abutting the external original walled garden wall, this is a glorious private retreat.

MAIN WALLED GARDEN

Set behind the property and within the original double story stone and brick walls, is a truly magical garden, bathed in sunlight and blessed with a superb degree of privacy. Occupying around a third of the original walled garden for the estate, this outside space is truly unique. Entry to the garden is through the pedestrian gate adjacent to the Garage, or through the broad French doors leading out from the Living room. From the Living room there's a lovely sheltered paved terrace suitable for outside dining. From there, there's a gentle set of steps leading up the level shaped lawn, which meanders its way across to the main garden area. The lawn is bordered by an exquisite range of beds with a wealth of shrubs flowers and plants, all carefully planted to provide flourishes of colour throughout the year. Palms and trees include a red Acer and all have beds at their bases. Further down the garden there's a charming pond with waterfall. Beyond this point there's a stunning archway which leads in to the lower part of the garden, which opens out into a charming orchard with a further range of growing beds. This stunning area of the garden is Walled on two sides, providing warmth and shelter, and a quite stunning backdrop.
