The current space and floor plan works well as a two bedroom home however the scope to be creative and extend this home is exciting.

The ground floor offers a through reception room which then leads through to the kitchen. From here there is access leading onto the garden. There are two bedrooms, one of which has built in wardrobes. There is a lovely rear garden, larger than average which is secluded and well established.

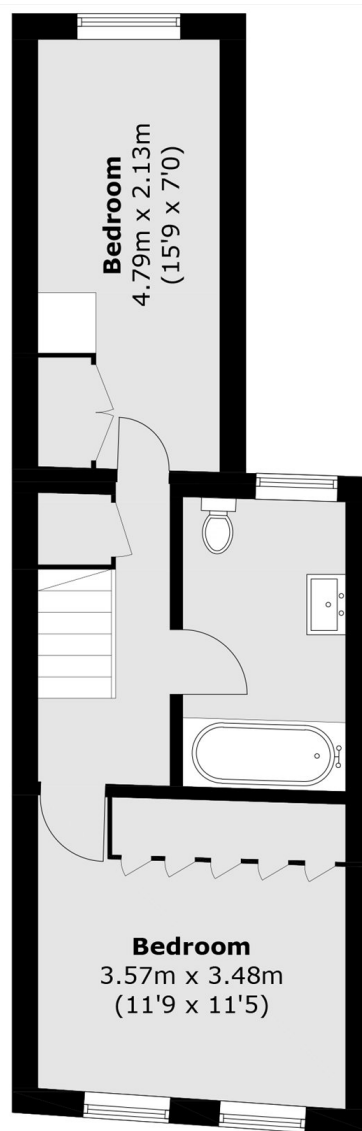

Subject to planning permission there is scope to open up the ground floor, extending and creating a large kitchen/breakfast dining room along with the potential to the loft.
