Description

Green Trees is an incredibly impressive and substantial Edwardian house, constructed at the turn of the twentieth century (1906), and is arguably one of the largest and most stately private residences in the area. This exceptional house enjoys spacious rooms with high ceilings and period details, complemented by contemporary flourishes and finishes. The main house benefits from four reception rooms, in addition to an enviable contemporary kitchen/dining/living space (34' x 30'), six double bedrooms, and six bath/shower rooms. These are complemented by an integral cottage/annexe, which offers additional accommodation and is currently run as a lucrative and highly sought-after holiday let. The property offers versatile accommodation that would perfectly suit a bed and breakfast, those seeking ancillary accommodation, a revenue or investment opportunity, ground-floor accommodation, or perhaps private consulting rooms. Detailed planning permission was granted in 2025 for five bespoke residential dwellings at the southern end of the grounds. The house is set within approximately 1.5 acres of attractive, mature, and well-tended gardens and grounds, complemented by two driveways and various outbuildings. The property is being offered for sale for the first time in over 20 years.

Garden & Grounds

The gardens and grounds surround the property and are predominantly large, level lawns, bordered on all boundaries by tall, thick hedgerows and mature trees, providing complete privacy. The landscaping, hedgerows, and carefully planned planting create separate areas for quiet enjoyment. The main lawns are situated to the south and west of the house, with paved dining terraces accessed directly from the house. There is also a productive kitchen garden, which has been left fallow for the last two years, together with a variety of fruit trees. The garden for the cottage is situated on the eastern side of the house and provides a distinct outdoor area for occupants or guests. Parking is provided at the front of the house via a large gravelled driveway, offering parking for a large number of vehicles. A further large driveway is situated on the western side of the property, also providing parking for multiple vehicles and access to a range of outbuildings, including a stone workshop/store, large garage, wood store, and storage shed. The grounds extend to approximately 1.5 acres in total.

Development Site

Full detailed planning permission has been approved and is currently in place for five detached residential dwellings. The area being offered for development currently forms the southern end of the gardens and grounds and extends to approximately 0.5 acres in total. The proposed development has been designed in partnership with an award-winning local firm of architects and provides for an exclusive, gated development of just five bespoke homes. The layout and landscaping have been carefully considered, with the privacy of both Green Trees and the new development being of the utmost importance. The development will benefit from its own independent access from Buckleigh Road, thereby retaining all driveway and parking at Green Trees as is.

Full Planning Permission was granted by Torridge District Council in February 2025.
