The result is a seamless blend of retained period character and refined contemporary design, delivering a home that feels both timeless and entirely in tune with modern living.

Approached via a generous level driveway, the property immediately impresses with ample off-road parking and access to the garaging, setting the tone for the quality and practicality found throughout.

A welcoming central hallway introduces the home, offering an immediate sense of light and proportion. From here, the staircase rises gracefully to the first floor, subtly positioned to one side to maintain the flow of the principal living spaces.

The kitchen has been thoughtfully designed to an exceptional standard. Beautifully appointed with an extensive range of bespoke cabinetry and integrated appliances, it caters effortlessly for both everyday family life and entertaining. A relaxed family and casual dining area forms an integral part of this space, creating a natural hub for the home. A striking original fireplace surround has been carefully retained and repurposed as a focal design feature, celebrating the property's heritage while embracing contemporary style.

To the rear, a walk-in pantry provides valuable additional storage and offers plumbing provision should a utility function be desired. The kitchen flows naturally into the dining room, creating an elegant and sociable arrangement, with both spaces enjoying pleasant views across the rear garden, the dining room opening to the terrace. The sitting room offers a restful retreat. Dual-aspect windows allow natural light to fill the space throughout the day, enhancing its warm and inviting atmosphere.

The first floor continues the sense of calm and refinement. The principal bedroom is a beautifully proportioned space designed for rest and tranquility, complemented by a stunning en-suite bathroom finished to a high standard. There are two further well-appointed bedrooms, offering versatility for family, guests or home working. A stylish family bathroom serves these rooms, together with a separate cloakroom providing additional convenience.

A detached studio, benefitting from electric heating, is accessed directly from the garden, provides an ideal environment for a home office, creative studio, or hobby space. Benefiting from both water and power connections, it is a highly versatile addition to the property.

To the rear of the studio is a useful storage area, formerly part of the second garage, offering further practicality without compromising the landscaped setting.
