

**15 Broomfields Avenue
Solihull, B91 2NP
Offers In The Region Of £395,000**

A beautifully restored two-bedroom Victorian mid-terrace cottage in the heart of Solihull, finished to an exceptional standard while retaining the character and period detail that make properties of this age so sought after. A working open grate fire, herringbone parquet flooring, original ceiling roses, and a four-piece Victorian bathroom with freestanding roll-top bath are complemented by a fully refitted kitchen, en-suite to the principal bedroom, and a detached garage with private parking - a rare combination at this location and price.

Briefly comprising: two double bedrooms, en-suite shower room, re-fitted four-piece bathroom, two reception rooms, re-fitted kitchen, breakfast room, cloakroom, walk-in pantry, fully boarded loft, sheltered side courtyard, West facing rear garden with summer house, and garage with parking.

The property is ideally positioned within walking distance of Solihull train station and town centre. Direct rail services reach Birmingham city centre in approximately 8 minutes and London in approximately 1 hour 45 minutes. The NEC, Birmingham International Airport, and Birmingham International Railway Station are all within an approximate 10 to 15 minute drive, with Junction 5 of the M42 just minutes away giving access to the wider motorway network.

Solihull's amenities are well established, including Touchwood shopping centre, Tudor Grange Leisure Centre, and well-regarded state and independent schools. These will be further enhanced by the Holbeche Place town centre regeneration currently under way, and by Birmingham Interchange, the new HS2 station under active construction nearby, which will bring London within approximately 38 minutes of this location when the line opens.

Despite its central location, Broomfields Avenue carries no through traffic, giving the street a notably quiet and private character.

The property is set back from the road behind a low maintenance walled foregarden. A cold water tap is located outside and a timber bin store.

An inset canopy porch with tiled floor and external lighting gives access to the front of the property, with a composite front door opening into:-
