Ground Floor Apartment in Rodwell, offered with no onward chain and well presented throughout.

sits opposite the first of four storage cupboards on the way to the living room. With excellent proportions accommodating living room furniture and additional space for dining, the living room blends seamlessly with the adjacent kitchen to create a homely yet spacious living area. Patio doors to the garden and a door to the private patio area allow for seasonal versatility and an option to incorporate the external areas on warmer days. The kitchen itself hosts a range of base and eye level units across three of the surrounding walls and enjoys a window by the sink overlooking the garden.

Continuing through the accommodation, two large storage cupboards sit within the heart of the home and offer convenient space for tucking away day-to-day items. Adjacent, the family shower room hosts large walk-in shower, toilet and basin with sleek white tiles to one side and splash boards to the other alongside dark grey floor tiles completing the room.

Bedroom Two neighbours the family shower room with proportions suitable for a double bed and further furnishings and the fourth storage cupboard in the hall, opposite. Completing the internal accommodation is the Main Bedroom and subsequent en-suite. Bedroom One is a well-proportioned double room with the floor area for further furnishings and pleasant views over the garden and benefiting from en-suite bathroom - complete with toilet and basin.

The property retains a unique set up with a large corner plot private garden, accessible via the lounge's side or patio doors. The space feels extremely private in some spaces and benefits sun at different times across the vast space via its' L-shape wrapping round the rear of the block. The initial patio provides a private area for barbecues and furniture with

enviously proportioned lawn space completing the remainder of the garden.

Adjacent to the communal/visitors parking spaces are both blocks of garages with this apartment retaining the furthest garage back in the left-hand block. The garage itself retains power and lighting with loft boarding for further storage.
