THE PROPERTY

At the heart of Coughton Fields House is a wonderful sense of space, warmth and connection. The welcoming reception hall opens into an impressive oak-framed garden room, where bifold doors draw the gardens into the house and create a natural setting for relaxed family life and summer entertaining.

The superb kitchen/breakfast room is accessed from the reception hall and is the true social centre of the home. With its electric AGA, extensive cabinetry and integrated appliances, it is a space designed not simply for cooking, but for both everyday family life and entertaining.

The impressive drawing room is generously proportioned and centred around an attractive fireplace housing an electric fire, creating a wonderful setting for family gatherings and quieter evenings alike. A practical utility room, with space for a washing machine and dryer, and cloakroom, completes the principal living accommodation.

Throughout the ground floor, underfloor heating and engineered oak flooring add to the sense of quality and comfort. Adding to the flexibility of the property, the ground floor also benefits from two spacious double bedrooms served by a well-appointed shower room, making this an ideal arrangement for guests or a larger family.

Upstairs, the principal bedroom suite provides a peaceful and luxurious retreat, complemented by a further double bedroom suite.

A separate staircase leads to an additional wing comprising another double bedroom, bathroom and office or sixth bedroom. This private part of the house would be ideal as a teenager's suite, guest wing or dedicated work-from-home environment.

Beautifully presented throughout and occupying an excellent location, Coughton Fields House represents a rare opportunity to acquire a substantial family home that effortlessly combines character, comfort and versatility.

Which has established itself as a successful and frequently booked holiday let. Beyond the formal gardens lies a mature woodland, which creates a wonderful natural backdrop, supports local wildlife and contributes to the peaceful, rural character of the setting. The woodland provides access to the paddock, which benefits from a 35kW solar array that generates renewable energy for the property, with surplus electricity sold back to National Grid, providing an additional income stream and enhancing the property's sustainability credentials whilst maintaining a meaningful contribution towards reducing day-to-day running costs.
