THE DEVELOPMENT

MINIMALIST ARCHITECTURE AND CALM BETWEEN LA CALA AND FUENGIROLA

We present a new-build development located in Mijas, between La Cala de Mijas and Fuengirola, priced from €342,000 to €679,000. This development redefines the concept of home through minimalist architecture, Mediterranean nature and a setting designed for wellbeing in community, where calm becomes home. At Marevo we accompany you with local knowledge and close, personalised attention.

The location is one of its greatest attractions: it enjoys direct access via the A-7 and AP-7, lies 35 minutes from Málaga International Airport and a few minutes from the beaches of Mijas Costa and Fuengirola, and is close to Marbella, Puerto Banús and numerous golf courses. A strategic position that combines tranquillity, nature and excellent connections with the main points of the Costa del Sol.

The development brings together 195 two and three bedroom homes, with terraces from 15 square metres, ground floors with private gardens and penthouses with up to 78 square metres of terrace. All homes include a parking space and a storage room, offering a wide range adaptable to different lifestyles.

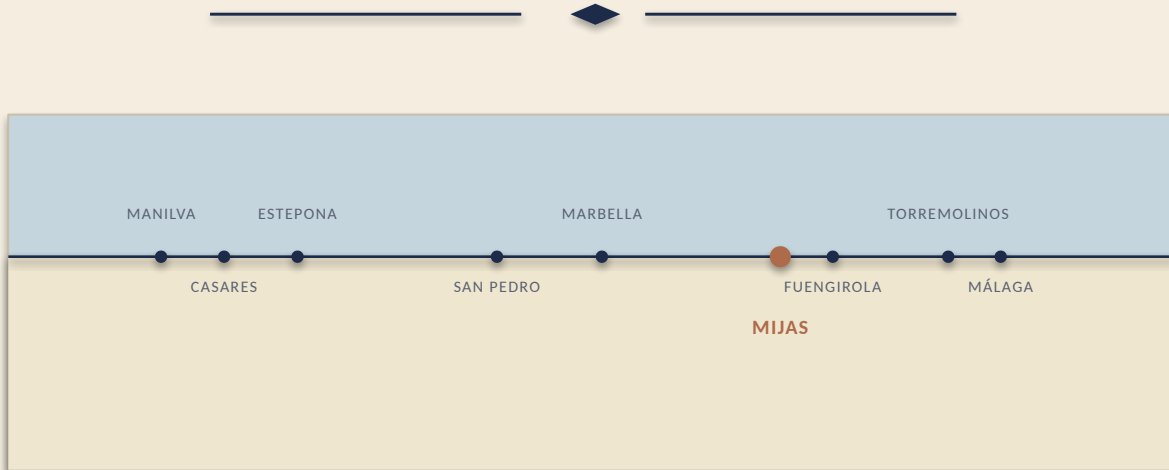

The homes feature a furnished kitchen with full appliances (oven, induction hob, extractor, microwave, fridge and dishwasher), ducted hot/cold air conditioning in the living room and bedrooms, individual aerothermal systems for domestic hot water, exterior joinery with thermal break and double glazing, and a photovoltaic installation for communal services.

The communal areas are designed to cover every facet of active and social life: outdoor saltwater pools with night lighting and solarium, a separate lap pool, Beach Padel and Pickleball courts, a putting green, an outdoor calisthenics area, a fully equipped communal gym and a natural trekking path integrated into the surroundings. For professional and social use, it offers an events room and a coworking room.
