Situated in a pleasant elevated location, this modern semi detached house is offered with no onward chain. Originally constructed for the Royal Air Force, it has well appointed accommodation which includes gas central heating and double glazing. The ground floor has a porch and hallway with extra storage facilities plus a cloakroom. A lounge is provided together with a separate dining room approached via sliding doors which also has a serving hatch to the kitchen. The kitchen is fitted with plenty of base and eye level units and leads to a useful utility room with space for white goods and housing the gas combination boiler. To the first floor there are three bedrooms, all with storage facilities and the two front bedrooms enjoy far reaching views towards the north coast. There is a family bathroom which includes an electric shower. Externally there is a lawned front garden together with parking for one vehicle. The rear garden is well enclosed being laid to lawn with a side access. In our opinion, the property is well presented and should appeal to a variety of purchasers. It is situated on the edge of Redruth town giving access to countryside walks that will lead you to the top of Carn Marth. Shopping facilities are available in East End with a convenience store and there are also bus services. The town centre is within half a mile as are main line travel facilities.
