

12 Windmill Square
Gravesend
DA12 1LJ

12 Windmill Square

£180,000

Full Description

An exciting opportunity to invest in Windmill Square, a contemporary new residential development in the heart of Gravesend, Kent, offering stylish Manhattan, studio and one bedroom apartments within easy reach of London.

Designed for modern living and positioned with investors in mind, Windmill Square combines an accessible purchase price with excellent transport connectivity, a high quality specification and the added flexibility of being approved for short term lets.

The interiors at Windmill Square have been carefully designed to create a sophisticated, contemporary feel while making intelligent use of the available space. The development boasts a striking interior palette centred around rich forest green tones, warm neutrals, natural wood textures and elegant brass accents.

Open plan living spaces feel modern and inviting, with carefully coordinated kitchens and living areas creating an attractive environment for residents and guests. Large windows provide excellent natural light, while considered layouts maximise the usable living space.

The kitchens form a particular feature of the interiors, combining modern units with marble effect work surfaces and tiled splashbacks. Integrated appliances and practical storage complement the clean aesthetic, while the combination of deep green tones, lighter finishes and metallic detailing gives the apartments a distinctive premium appearance.

Bathrooms continue the contemporary aesthetic, with tiled walls, vanity storage, rainfall-style shower fittings and chrome detailing specified within the development. The interiors shown demonstrate how the darker green palette can also be complemented by warm metallic finishes to create an elevated feel.

The wider specification at Windmill Square includes Luxury Vinyl Tile flooring throughout the principal living areas, ceramic bathroom flooring, fully wired internet, TV and Sky Q points, USB charging sockets, energy efficient electric heating and programmable digital controls. Residents also benefit from video entry, CCTV to communal areas and the car park, a secure gated rear entrance and bike storage.

An Investment Location with London Connectivity

For investors, Windmill Square benefits from a strategic location in Gravesend, an established Kent commuter town undergoing continued regeneration and residential development.
