Price: £210,000 for 75% share

Comberton is a highly popular village situated about 5 miles west of Cambridge with easy road access to the city, the M11 motorway, the A14 and the A428. There is a good range of facilities in the village including a Co-op and Post Office and also a Village College, which not only provides secondary education but also leisure activities including swimming, a library and evening classes.

Nursery Way is a pedestrian walkway linking the ends of two of the spurs of Barrons Way which, in turn, is off West Street, close to the centre of the village and no 12 stands in an excellent corner position.

This end terrace retirement bungalow is one of a group in a sheltered scheme built for South Cambridgeshire District Council with occupation restricted to persons over 60 years of age on the basis of a 75% shared equity lease to provide an opportunity for retired people to buy their own home at an affordable price level. The Council retains a 25% share but no rent is payable for this. The bungalow is of traditional brick cavity construction and has uPVC double glazing and off peak electric heating.

There is a small community centre within the scheme for use by the residents.

Porch with double glazed entrance door to

Entrance Hall with off peak electric storage heater and access to roof space.

Front living room 15'1" x 9'5" (4.60 m x 2.87 m) with electric storage heater and tv aerial point.
