Summary

A stunning newly constructed home in the heart of Canford Cliffs, designed for modern luxury living and built using the latest technology, including ICF construction for exceptional thermal insulation, programmable lighting, an air source heat pump, roof-mounted solar panels and MVHR. Despite its impressive scale, total energy bills are approximately £250 pcm.

Set on a spectacular level plot of around 0.4 acres, the property is just a short walk from Canford Cliffs Village and the Chine. Offering over 6,100 sq ft of accommodation, the standout feature is the exceptional open-plan kitchen and family room spanning the full width of the house. The bespoke kitchen includes stunning Dekton worktops and a large central island with breakfast bar.

The ground floor also features a separate sitting room, spacious home office, utility room and guest bedroom with en suite. Upstairs are four further bedrooms, all with en suites, including an impressive principal suite with walk-through dressing room and private sun balcony. The top floor provides a large recreation room, currently arranged as a cinema, plus a store room and additional bathroom.

Outside, there is a secure driveway with extensive parking, a 7m+ garage with provision for three EV charging points, and a spectacular garden with a large synthetic lawn. A superb pavilion completes the garden, offering a kitchenette and en suite shower room.
