(Distances approximate)

Backing on to National Trust land with panoramic views across to The Chilterns Oxfordshire, this recently refurbished Victorian House is finished to the very highest of standards, perfectly blending period features with modern, contemporary finishes and the latest technology to create a very special home. The setting is simply stunning, being idyllically located in a most desirable location within this quintessential English riverside village, privately situated in most attractive professionally landscaped gardens and grounds of approximately 0.5 of an acre, yet just a short walk to extensive amenities and schooling in the village and across the river in Goring-on-Thames, as well as for the mainline railway station, providing direct access to London Paddington within the hour.

Originating in 1890, an awe-inspiring Victorian country residence, dramatically enlarged and extensively modernised and refurbished throughout, benefitting from exceptionally stylish and high-quality fixtures & fittings, with spacious and elegant accommodation extending to approximately 4,736 sq ft, inclusive of detached double garage, yielding an inspired and tasteful orientation with great light and space, affording 6 bedrooms, 2 being suites, 4 bathrooms, and 4 reception rooms.

Careful planning and attention has provided modern open plan living whilst preserving beautiful traditional features and ambience, embracing the delightful gardens and grounds with inside outside living, encapsulating an 'Al Fresco' lifestyle, culminating in an exquisite family home.

SITUATION

The picturesque village of Streatley on Thames lies in a valley on the Berkshire side of the river between Reading and Oxford, facing Goring on the Oxfordshire side. The surrounding countryside is designated an area of 'Outstanding Natural Beauty' and historically this was a natural crossing point of the river, set between the Berkshire Downs and Chiltern Hills, known geographically as the 'Goring Gap'. The interesting High Street, which forms the central part of the village running down to the river and the bridge across to Goring, is now a 'Conservation Area' where there are a wealth of period properties many of considerable architectural merit including a thatched cottage, a beautiful William and Mary house and an Elizabethan Farmhouse, supposedly haunted by a lady in white. Following the building of the railway through the Thames Valley by Isambard Kingdom Brunel in approximately 1840, the villagers of Streatley decided the railway should go on the Goring side with the result now that while Streatley has changed little, the village of Goring on Thames has grown substantially and is now the larger village.

In the village there is a parish church with Norman origins, a luxury riverside four star hotel, The Swan, which also offers a leisure and fitness club and at the top of the High Street is the Bull Inn which was an old coaching inn when the Royal Mail stopped en-route between Oxford and London. There is also a prestigious golf club, established over one hundred years ago, set amidst beautiful rolling countryside. The village also boasts its own very well regarded Streatley Primary School, with the outstanding secondary school, 'The Downs', being in catchment for the village also, and having its own bus route. In addition to having well revered local state primary and secondary schooling, the area is also extremely well served by an excellent range of private schooling, of particular note; Cranford House School, The Oratory Preparatory School, Moulsoford Preparatory School, St Andrews Preparatory School, The Oratory School, Pangbourne College, Brockhurst & Marlston House, Downe House, Rupert House School, Shiplake College, The Abbey School, Bradfield College, The Manor Preparatory School, Abingdon School, Abingdon Preparatory School, Radley College, and St Helen & St Katharine.

Behind Streatley the ground rises steeply where the Berkshire Downlands meet the wide Thames Valley and from the top there are panoramic views far into Oxfordshire. The woodland and hills surrounding Streatley have been acquired in recent years by the National Trust and the extensive bridleways and footpaths are now open to the public.

Across the river, the larger village of Goring-on-Thames offers a wide range of amenities and facilities including shops, modern health centre, traditional inns, a hotel, library, dentist and importantly a main line railway station providing excellent commuter services to Oxford, Reading and up to London (Paddington). There is also easy access for the major local towns, including Oxford, Reading and Newbury, the M40 and M4 motorways, the latter linking directly to Heathrow.

Crossrail services have commenced from Reading which together with the electrification of the line has significantly improved travelling times to Paddington and central London destinations.

PROPERTY DESCRIPTION

Yew Trees is a most stunning and imposing Victorian residence, dating back to 1890, having originally been built by the late revered local building company, Smallbones, quietly set back in elevated gardens which resides within the beautiful riverside village of Streatley-on-Thames, just a short hop to the river Thames, village shops and restaurants, schooling, and mainline railway station, which provides direct access to London within the hour.

Completed in the summer of 2020, the property has been the subject of an exacting and careful restoration project, with the original house having been taken back to its core, and duly enlarged with most inspired additions. Proudly displaying its historical roots associated with the favoured Victorian era, the property has mainly red brick elevations with blue soldier courses and decorative banding, sitting under a hand finished clay tiled roof, with a combination of hipped and flat leaded dormer elevations, part-whitened rendered, complimented by wide leaded glazing and feature bay windows.

The restoration project has successfully blended in architecturally the old and new elements, whilst retaining the great many period features and charm that is to be found in abundance throughout internally and externally, creating a most stunning characterful yet modern and contemporary home which extends to approximately 4,736 sq ft, inclusive of detached double garage, which affords a skilful offering of both traditional living, with that of a rather more modern open plan air, embracing inside outside living, and its stunning professionally landscaped gardens and grounds and private surroundings, from which the most awe-inspiring views are afforded over The Chilterns in Oxfordshire, on the opposing banks of The River Thames.

A simply wonderful opportunity afforded to acquire such a unique and delightful home, and quite rare to the open market, early viewing of Yew Trees is highly recommended.

OUTSIDE

Yew Trees sits privately nestled away within the village, elevated, and affording simply stunning far reaching views of The Chilterns in Oxfordshire, on the opposing side of The River Thames. Set in professionally landscaped gardens and grounds of approximately 0.5 of an acre, the gardens are architect designed, and are an absolute delight to view, detailing most interesting design and attractive planting.

From the Wantage Road, electrically operated timber gates open through to the spacious private driveway, affording ample parking for numerous vehicles, whilst to the opposing side of the grounds, the detached double garage with electric door is approached directly off Wantage Road itself, with a small private driveway situated in front of the garage.

A stone laid terrace flanked by mature planting wraps its way around the property on all four sides, with a period shed off to one side tucked away, opening to a larger terrace off the kitchen / dining room. French

doors open out from both the drawing room and family room also, providing inside outside flow, perfect for 'Al Fresco' dining and modern living, with the terraces on two sides duly providing a restful place from which to look back over the gardens, as well as enjoy the lovely far-reaching views.

Laid mainly to lawn on two main levels, expansive levelled gardens are to be enjoyed, with an additional main levelled terrace to the top of the gardens backing on to National Trust land, with a gate opening out onto it, and a timber decked terrace off to one side, with provision for power and CAT6, should one wish to build the garden studio which has been permitted. To the lower levelled lawn, situated off the rear of the house, planning has also been permitted for a swimming pool, should one be desired.

Simply stunning, beautifully planted and designed, the gardens themselves are only enhanced by the peaceful setting and awe-inspiring views, and in all, extend to approximately 0.5 of an acre.

DETAILED SPECIFICATION

STRUCTURAL:

- ◆ Whole house re-plastered internally
- ◆ 8ft (2.5m) ceiling heights throughout
- ◆ All walls to ground floor damp-proofed using chemical damp-proof course installed by Stonehouse Property Care - Original 10 year guarantee
