£499,950

Set back down a long private shared driveway, this three-bedroom detached home is thoughtfully arranged across three floors, offering a highly versatile and practical layout suited to a range of lifestyles.

Entered via a porch, the property opens into an inviting and cosy living room, centred around an electric heated fireplace that creates a warm focal point. Beyond this lies a well-appointed kitchen with ample worktop space and cabinetry, featuring integrated appliances including a dishwasher, fridge-freezer, and a gas hob with oven. French doors lead directly from the kitchen into the garden, seamlessly connecting indoor and outdoor living.

Also on this level are two bedrooms and a modern wet room, making the layout particularly useful for multi-generational living or for those seeking ground-floor accommodation.

The upper floor is dedicated to a third bedroom, filled with natural light from multiple Velux windows, along with a bathroom finished to mirror the wet room's sandstone tiling, creating a cohesive feel.

The basement level offers full-width storage space and access to the integral garage. This area is full of potential and could be converted into additional living accommodation, a home office, gym, or hobby space.

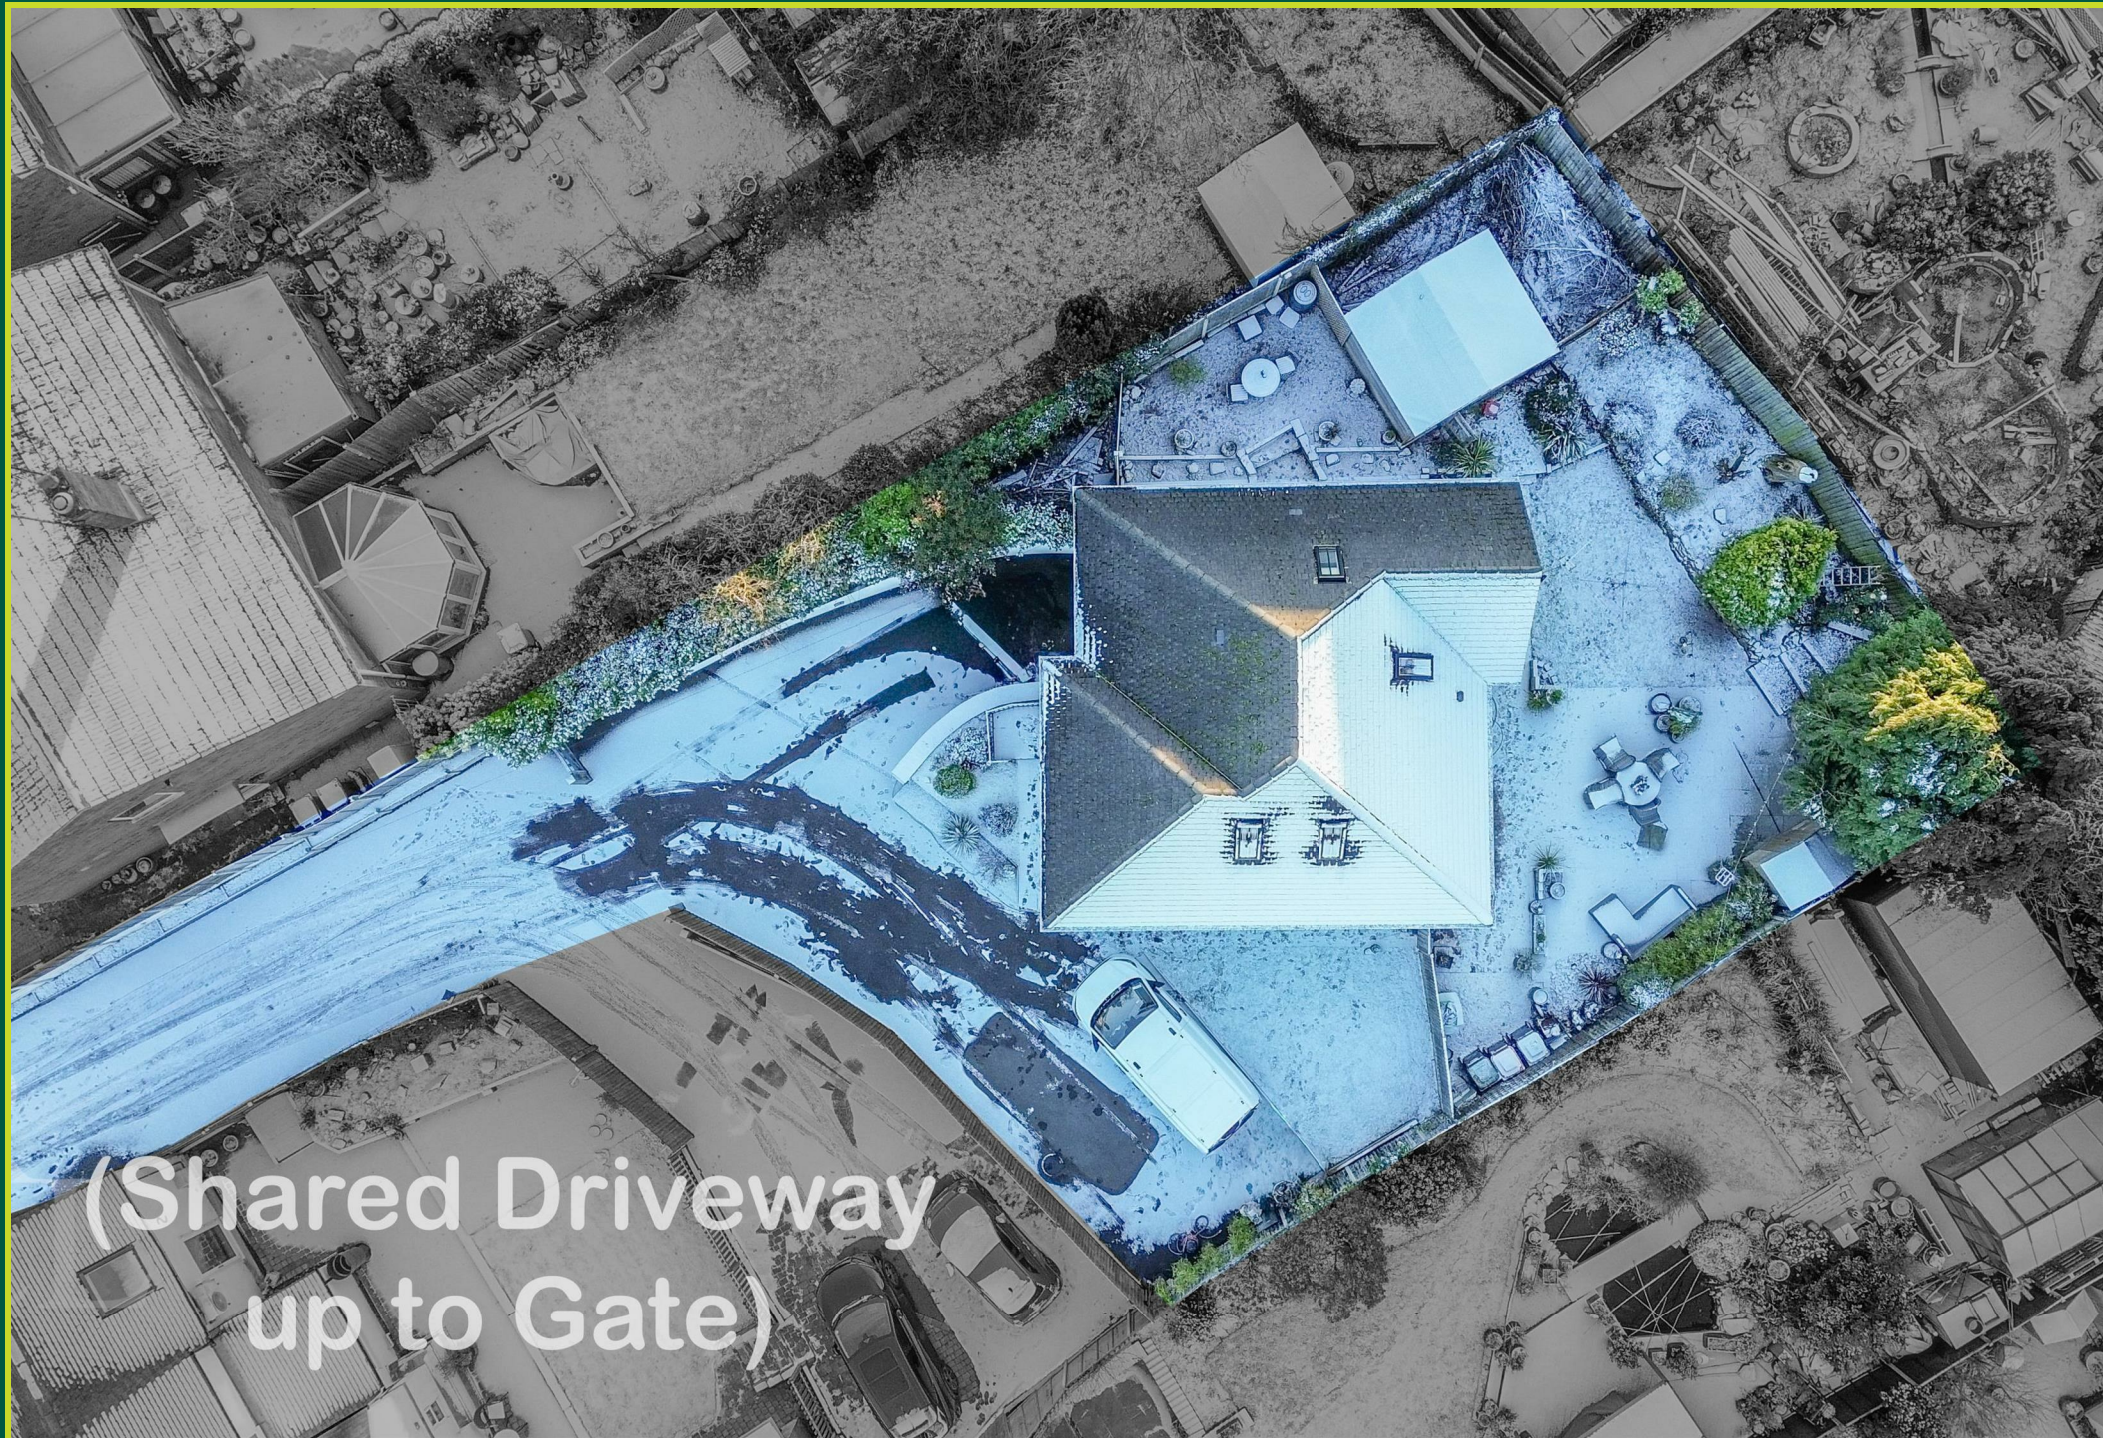

The rear garden is spacious and well maintained, with excellent side access. It features a neat blend of paved areas bordered by wooden sleeper beams, raised sections, and a variety of plants alongside established mature trees, creating a private and attractive outdoor space.
