Offers Over
£650,000

Positioned within one of Swansea's most desirable residential areas, this substantial family home offers generous living space, mature gardens and flexible accommodation across three floors. Elegant reception rooms combine with practical family spaces, while the established rear garden creates a peaceful setting for both entertaining and everyday living.

A welcoming hallway leads through to a spacious lounge, additional sitting room and formal dining room, each offering versatility for modern family life. The kitchen is well positioned with adjoining utility space and access to the garden, while the conservatory enjoys views across the rear grounds and an abundance of natural light. The ground floor also benefits from a shower room and an additional bedroom, ideal for guests, multigenerational living or home working.

To the first floor are five well proportioned bedrooms. Bedroom one and bedroom four share a Jack and Jill ensuite, while bedroom two benefits from its own ensuite facilities. A wet room serves the remaining bedrooms. The second floor attic room, leading to a store room, provides further adaptable space suited to hobbies, study or working from home.

Externally, a private block paved driveway provides parking for several vehicles with side access leading to the rear garden. The outdoor space has been thoughtfully established with a patio seating area, lawn garden, mature shrubs and flowering borders. A detached summer house and garden pond further enhance the setting.

Mayals is highly regarded for its leafy surroundings and close proximity to the coastline. Clyne Gardens and Clyne Common are nearby for scenic walks, while Mumbles and Langland offer an excellent selection of cafés, restaurants and independent boutiques. The area is also well placed for reputable schools, Swansea city centre and the wider Gower coastline.
