This incredible, Grade II* listed home offers flexible accommodation totaling in excess of 4700 sq ft. The original barn dates back to the 17th century, with later additions added in the 1990's. Located just South of Reigate town, you feel like you are in the middle of the countryside, yet with the convenience of Reigate being 10 minutes away.

Full to the rafters with character and charm, the high vaulted ceiling in the living room showcases the exposed beams and vast ceiling height. Whilst the space is immense, it still retains a cosy feel with the large log burner. The galleried mezzanine provides extra living space and has also previously been used as a bedroom. The character features continue into the kitchen where the traditional Aga takes centre stage.

The majority of this very special home is on the ground floor and the layout can be varied to suit your needs. Whether you require four, five or six bedrooms, or an annexe room, The Old Barn has space in abundance. There is a large games room that opens directly onto the garden, which would also make a stunning sitting room.

Outside, the feeling of space continues with a double, covered car port, and a double garage and the gardens themselves are spectacular. Not to mention the immediate surroundings, including a beautiful duck pond.
