## Front of the home

Approached along a quiet lane, the gravel driveway has space for two vehicles to park, with a wall-mounted EV charging point on the left and tall hornbeam hedge on the right. A traditional dry stone wall forms the front boundary, with a lawn and flower beds above. This attractive stone-built double-fronted detached cottage has a tiled roof and brick chimney, with uPVC double glazing. A path leads from the driveway to the original front door and on round to the rear of the home. A high wall on the left of that path has well-stocked flower beds and a range of young and mature trees. The main entrance door into the home is now off the driveway into the entrance hallway.

## Entrance Hallway

This spacious light hallway sets the tone for the rest of the home. Contemporary tile-effect flooring flows seamlessly into the WC on the left. There is a tall window on the right, with views to the dining patio, a radiator, ceiling light fitting and space for coats and boots. Three steps lead up to the main hallway, with bamboo flooring which flows through to the sitting room and Bedroom One (beneath the carpet in this room). This part of the hallway also has another ceiling light fitting, radiator and stairs up to the first floor, under-stairs cupboard and space beyond for a desk.

A door leads into the WC and part-glazed wooden doors open into the Study, Sitting Room and Bedroom One.

## Utility Room

The L-shaped quartz worktop has space and plumbing beneath for a washing machine and tumble dryer, with shelving above. A tall window looks out to the rear garden and there is a vertical radiator and ceiling light fitted.

## Kitchen-Diner

17'4" x 17'2" (5.3 x 5.25)

A spectacular room which is a great place for friends and family to gather. Light floods in from all directions with windows to the west and north and double French doors with full-height windows eastwards to the dining patio. The huge kitchen island dominates the room, with space for 5-6 stools below and three ceiling light fittings above. The expansive quartz worktop has an integral Zanussi four-ring induction hob, with cabinets, pan drawers and pull-out bin cupboard below. There are several power points at the far end too.

Opposite is another quartz worktop with inset Butler's sink with black mixer tap. Cabinets below include an AEG dishwasher and freezer. There is a tall household cupboard to the left, perfect for storing an ironing board, vacuum cleaner and more. The range of cabinets to the right include open shelving, chest-height Zanussi double oven and a full-height refrigerator. The kitchen also has a ceiling light fitting, extractor fan, two vertical radiators, recessed spotlights, LVT flooring and loft hatch.

The dining area has space for a 6-8 seater (or larger!) dining table, additional seating and enjoys great views out to the dining patio and rear garden.

## Sitting Room

17'4" x 11'5" (5.3 x 3.5)

### Bedroom Two

10'9" x 9'2" (3.3 x 2.8)

This good-sized dual aspect double bedroom is carpeted and has a radiator, ceiling light fitting and airing cupboard. There are great views through one window over rooftops to the hillside beyond - and to farmland through the other window.

### Study

This bespoke study is carpeted and has a radiator, recessed ceiling spotlights and window with views to the countryside in the distance.

### Rear Garden

The stunning rear garden has been developed by the current owners and includes a large modern patio with lots of space for seating, dining, a hot tub and play area. The elevated seating area which is currently beneath a gazebo has views directly across to the open farmland immediately across the road. This modern space was previously part of the driveway and you may choose to reinstate it as an extended driveway to create parking for more vehicles should you need it.

A lawn slopes gently up to a flatter raised lawn, with space for a goal, trampoline and more...and this lawn curves all the way round to the side path with pretty flower beds bursting with colour. There is hard standing for a shed and outdoor storage, with the large shed at the top end of the garden being included in the sale.

On the external wall of the house are lights, power points and an outside tap. The patio is bordered by a high stone wall with modern flower bed by the patio, whilst a picket fence and hedges form the side and end boundaries. The propane LPG gas cylinder is situated behind a timber fence.
