Being sold with no upward chain is this versatile family home with one of this home's strongest qualities, the flexibility. Across three floors, the layout can work as either a three or four bedroom home with a study or fifth, smaller bedroom on the ground floor, with the kitchen/dining/family room as the main living space, as the current owners use it. For families who need every room to work, that choice is genuinely valuable and can work in different ways.

Total: 1127 sq. Ft, 105 m²
Ground Floor: 395 sq. Ft, 37 M², First Floor: 366 sq. Ft, 34 M², Second Floor: 366 sq. Ft, 34 m²
Excluded Areas: Walls: 84 sq. Ft, 9 m²
