Full Description

This three-bedroom semi-detached home offers a practical and well-proportioned layout, with generous living accommodation, a garage and a good-sized rear garden.

The combination of a separate living room and kitchen/dining room provides plenty of space for everyday family life, while the three bedrooms and family bathroom are arranged across the first floor.

The property is presented in neutral tones throughout, providing a versatile starting point for a new owner to make the home their own. With driveway parking to the front, a garage and useful built-in storage, there is a good balance of living space and practicality.

THE FORE

To the front, the property has a traditional red-brick appearance with a driveway providing off-road parking and access to the garage. Established planting borders the frontage, while a pathway leads towards the entrance. The garage is a particularly useful addition, offering valuable storage or secure parking. Its position alongside the main accommodation also gives the ground floor a wider overall footprint.

GROUND FLOOR

Inside, the ground floor is centred around two well-sized living spaces. The separate living room is bright and comfortable, with a distinctive angled bay window bringing additional character to the room. The kitchen/dining room provides plenty of space for both cooking and dining, creating a sociable setting for everyday meals.

The fitted kitchen offers a good range of units and work surfaces, with the dining area positioned towards the rear and doors opening directly onto the garden. Useful built-in storage is positioned beneath the stairs.
