Nestled in the heart of one of the area's most desirable villages, this delightful Grade II Listed home is believed to date back to 1728, and is rich in character and period charm. The property has been thoughtfully and sympathetically extended and improved, to create a spacious, light-filled home that blends historic features with contemporary living.

The accommodation is arranged over two levels, the ground floor briefly comprising: welcoming entrance hall with plenty of space for coats and shoes, and the staircase to the first floor, cosy sitting room featuring a wood-burning stove and built-in storage cupboards, and a beautifully designed, open-plan kitchen / dining area with roof lantern, vaulted ceiling and velux window. The refitted kitchen / dining area provides an excellent space for both everyday living and entertaining, with double doors opening directly onto the rear garden. A practical utility area and downstairs cloakroom complete the ground floor.

Upstairs, the property offers three generously sized double bedrooms, together with a well-appointed family bathroom. A stand out feature of the upstairs is the high ceilings.

Externally, the mature rear garden is mainly laid to lawn and includes two patio terraces, once accessed immediately from the double doors, the other in a peaceful and quiet spot to the rear of the garden, providing an ideal setting for outdoor dining and relaxation. To the bottom of the garden are two useful brick-built outbuildings, which the current owner advises benefit from planning permission and Listed Building Consent for conversion into a home office or studio (Planning Application Ref: 16/01951/LBC), offering excellent potential for flexible additional space. There is also very useful side access to the front of the property.

To the front of the property, on-street parking is available.

Further benefits include: a new combi-boiler installed in 2024, and new front windows installed in 2025.
