62 Grove Park Road, London SE9 4QB

Arranged over three floors and occupying a total area of over 2500sq ft is this charming detached residence. Although in need of modernisation the property has so much character and potential. To be in South East London and have a 250ft rear garden is not a regular occurrence. There is also a brick built out building that has so many possibilities and uses. Grove Park road is an extremely sought after location with Eltham college close by and Grove Park & Mottingham station are pretty much equidistant. This is a rare gem and with the right ideas and creativity it can be restored to it's former glory.
