Our Vendor Loves..

"We've loved living here. The flat is filled with natural light throughout the day, with morning sun streaming in from the back and the huge bay window at the front catching the afternoon and evening light beautifully. The space itself has always felt much larger than most flats, thanks to the high ceilings, spacious bedrooms, generous living room, and separate living and sleeping levels. The huge loft has been incredibly versatile during our time here, serving as everything from a home office to a cinema room. The road has a wonderful community feel, with friendly neighbours and a great local atmosphere. We've also loved having so many excellent pubs close by, particularly The Bridge House and The Greyhound. It's a home that combines space, character, convenience and a real sense of community, which is what has made living here so enjoyable".
