The house has been thoughtfully improved by the current owners and offers spacious accommodation arranged over two floors. A substantial rear extension was completed in 2019, creating a superb space with a striking glass atrium roof. This beautifully done addition provides an excellent space for entertaining and makes the most of the garden outlook. The main house has also benefited from a new roof, and further improvements. A full inventory of works is available on request.

The ground floor provides a welcoming reception room, generous kitchen, two bedrooms and a shower room, together with the impressive extended dining room and a conservatory overlooking the gardens. The layout offers excellent flexibility for family life or entertaining.

The first floor provides two further bedrooms and a second shower room, with useful eaves storage.

Outside, the property is complemented by generous driveway parking for multiple vehicles and a detached garage. The mature rear gardens are a particular highlight. They feature areas of lawn, established trees, shrubs and flower beds, creating a peaceful and private setting. A useful shed and summer house provide further storage and outdoor space.
