Inside, the property has been thoughtfully opened up to create a sociable kitchen diner stretching across the rear of the house; a space designed for busy mornings, family meals and entertaining friends. Doors lead through to the conservatory, bringing in plenty of natural light and creating an easy connection to the fully enclosed rear garden; ideal for children to play safely or for summer evenings outdoors.

A private driveway provides convenient off-street parking, while upstairs the three bedrooms offer comfortable accommodation for first-time buyers, young families, or those simply looking to establish themselves in this sought-after location.

There is also exciting potential to further enhance and extend the property over time, subject to the necessary permissions, with neighbouring homes having already converted into the loft space.
