Situated in an ever popular location, this detached gable end bungalow is situated in a cul-de-sac. From the front elevation there are fine views to the top of Carn Marth which is the second highest point in the county. The bungalow is well presented by the vendor and offers double glazed accommodation with two electric radiators. There is a long fire surround in the lounge but it would appear that the fireplace itself has at some stage been removed. The kitchen has a good range of units together with a replacement oven and there is a hob with an extractor hood over. In addition to the base units there are also complementary eye level cupboards with space for white goods. Three bedrooms are provided with the smaller bedroom being reduced in size to allow for a passage for an internal access to the garage. The bathroom has been converted to a shower room with wipe clean walling. Externally there is a well appointed front garden being laid to lawn with hedging. A side tarmac driveway provides plenty of parking and leads to the garage. The rear garden is well enclosed with terraced lawns and established hedging to the rear. There are various flower borders and a centrally appointed palm tree. There is also a timber garden shed. Lanner village is well thought of with shopping facilities, bus services and a popular primary school.
