THE DEVELOPMENT

MODERN ANDALUSIAN CHARM AT FINCA DOÑA MARÍA

This development is an exclusive residential complex located in Benalmádena, in the Finca Doña María enclave, one of the most charming corners of the Costa del Sol. Priced from €430,000, it invites a modern life steeped in traditional Andalusian charm, within a community designed for those who value quality and natural beauty.

Benalmádena is one of the most complete destinations on the Málaga coastline: it brings together quality beaches, the lively Puerto Marina, a casino, golf courses, amusement parks and a vast offering of leisure, dining and services. A few minutes from Málaga airport and perfectly connected by train and bus with Torremolinos and the city, it offers the best of Mediterranean life all year round, with an ideal balance between residential tranquillity and tourist dynamism.

The complex combines highly attractive apartments and duplex penthouses. The apartments, with 2 bedrooms and 2 bathrooms, have been carefully designed to integrate perfectly with the outdoor spaces and guarantee privacy in the quietest moments, with a main bedroom that includes a private bathroom with double basins and a separate toilet and shower.

The finishes are designed to elevate residents' lifestyle.

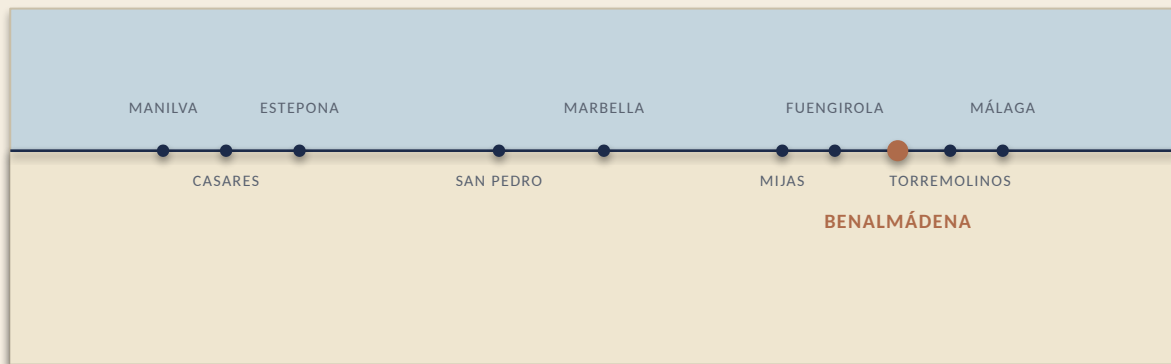

The duplex penthouses are the star of the complex: a generous open space of living-dining room and kitchen connecting directly with the terrace. The lower floor holds two bedrooms with two bathrooms and, in some units, an additional terrace; on the upper floor, the main suite with its private terrace crowns the building, enjoying the views from the comfort of home.

The communal areas are a true luxury designed for residents only: an infinity pool with panoramic views and a chill-out pool, a solarium and sports areas. The Club House adds a heated indoor pool, a gym, a coworking space and communal areas conceived as the perfect stage for relaxation and wellbeing, with every detail cared for your comfort.
