OWNERS INSIGHT "Once in a lifetime" That's what the current owners said when they first viewed the property. "The peace and quiet, the views, the lift to the front door and the size of the apartment blew us away. It was in a really poor condition, but how often does a place like this come up?. So, we re-wired, re-plumbed, re-plastered, fitted a new bathroom and re-decorated throughout. Now the building has undergone a 500k external refurbishment, including a new roof, the whole place is top notch."
