A three-bedroom detached family home situated within the popular village of South Littleton, offering well-proportioned accommodation, a generous rear garden, off-road parking and the added benefit of solar panels, helping to improve the energy efficiency of the home.

On entering the property, the hallway provides access to a useful ground floor WC and leads through into the spacious lounge. This is a particularly generous reception room, with plenty of space for a range of furniture and a window to the front aspect.

To the rear is the kitchen diner, fitted with a range of contemporary white units, contrasting work surfaces and integrated cooking appliances, with ample space for a dining table. French doors open directly onto the rear garden, making this a sociable space for everyday family life and entertaining.

Upstairs, the landing gives access to three bedrooms and the family bathroom. The main bedroom is a good-sized double and benefits from its own en-suite shower room, while the second bedroom also provides comfortable double accommodation. The third bedroom would work well as a child's bedroom, nursery or home office.

The family bathroom is fitted with a modern white suite comprising a bath, wash hand basin and WC, complemented by neutral tiling.

Outside, the property benefits from off-road parking to the side, together with gated access leading through to the rear garden. The garden itself is a particularly good size, predominantly laid to lawn with a paved seating area immediately outside the house, established boundary planting and useful timber shed.

A further benefit of the property is the addition of solar panels, providing an energy-efficient feature that should appeal to buyers looking to keep household running costs in mind.
