There are homes you simply view... and then there are homes you fall in love with.

Tucked away in the heart of Lower Heath, Lavender Cottage is the kind of home that feels like a warm embrace from the moment you arrive. Built in 1850, this beautiful double-fronted semi-detached cottage has been lovingly restored, blending timeless character with modern comforts to create a home that's every bit as practical as it is enchanting.

Behind the front door, history reveals itself in the most wonderful way. Nothing is perfectly straight, every room has its own personality, and the charming nooks, crannies and quirky proportions are exactly what make this cottage so irresistibly special. It's a home with soul—a place that has been lived in, loved and carefully brought back to life.

At its heart is a stunning country kitchen, designed for slow Sunday breakfasts, family dinners and evenings spent cooking with friends. Complete with a traditional range cooker, wine cooler, integrated dishwasher, space for a washing machine and fridge/freezer. Generous space for all your culinary essentials, it's both beautiful and functional. The charming stable-style barn door, with its opening top half, invites fresh air and birdsong inside before leading you out to a delightful private courtyard.

Here, life slows down.

Just enough space for a bistro table, potted lavender and a couple of glasses of wine as the sun begins to set. It's peaceful,
