SITUATION & AMENITIES

Coombe House is tucked away off a quiet, little-used country lane situated within the pretty Devonshire hamlet of Muddiford, located on the outskirts of Barnstaple. Marwood Parish includes several hamlets and villages of which Muddiford is one - steeped in history and understood to date back to the Saxon and Medieval period, with mentions in the Domesday Book. Within the Parish there is a local Inn, Marwood primary school, village hall and several churches. Barnstaple – North Devon’s regional centre and primary market town lies about 4 miles to the South and houses the area’s main business, commercial, entertainment and shopping venues, as well as Pannier Market, live theatre and North Devon District Hospital. North Devon’s famous coastline is within easy reach and provides excellent sandy surfing beaches including the favoured resorts of Croyme, Instow, Putsborough, Saunton (also with Championship Golf Course) and Woolacombe. At Barnstaple the North Devon Link Road can be accessed and leads on in a further 45 minutes or so to Jct.27 of the M5 Motorway and where there is also access to Tiverton Parkway, with trains to London Paddington in just over 2 hours. The area is well-served by excellent state and private schools including the renowned West Buckland school, with local pickup points. The nearest international airports are at Bristol and Exeter.

DESCRIPTION

Coombe House comprises a charming, detached period property, which presents elevations of stone and painted render with double glazed windows, beneath a slate roof. We understand that the building was originally the barn/stables to nearby Muddiford House and then became a microfiche factory, then a pair of cottages, and was finally converted to a single dwelling in the late 1990s. The annexe extension was subsequently added by the current owners during their 10-year tenure. The accommodation is not unlike the TARDIS as the property is bigger than it seems. This includes – on the Ground Floor: an interconnecting but also totally self-contained annexe – making the property suitable for dual occupation as now or for a variety of home and income options, or simply as one larger family house. Internally, character features sit well with 21st Century refinements which include air source heat pump heating, electric car charging point and solar panels. The house is complemented by mature, secluded gardens which back onto woodland and feature an insulated timber summer house/studio/office, from which there are fine views over open countryside.
