The Meeting House, High Street, Wethersfield, Braintree, Essex, CM7 4BY

The Meeting House is a striking Victorian building enjoying a central location just off the village green and enjoys a high degree of privacy and seclusion. The property boasts many fine architectural features from the period such as vaulted ceilings, stained glass windows and attractive stone and red brickwork to the outside.

The practical porch with double doors offers useful storage space with an attractive pitch pine door leading to the principal reception space. This is a beautiful area with a fully vaulted ceiling and four stained glass windows to the gable end, to the right of which is an attractive wood burning stove on a brick hearth which provides a focal point. The room offers the perfect family entertaining space of an exciting and stylish nature, and has oak flooring, a solid oak staircase with glass panels rising to the galleried landing and a useful storage cupboard beneath. There are French doors leading to the terrace beyond which is the garden making it ideal for family entertaining. Two curved walls lead to an inner lobby and provide an attractive feature beyond which is a hide and slide oak door which accesses the kitchen breakfast room. This room forms the heart of the home and has a stylish tiled floor and is comprehensively fitted with a range of floor and wall mounted units with solid oak butchers block work surfaces, and integral appliances to include a leisure range cooker with extractor hood above, dishwasher, and a combi microwave oven. There are two large casement windows with plantation shutters giving roof line views to the village.

An attractive panel door leads to a rear lobby which has an arched top door to the outside and a further door accessing the practical utility room which has plumbing for a washing machine, space for a tumble dryer, and is fitted with a range of floor and wall mounted units providing ample storage along with a stainless steel sink and tiled floor. The second door leads to a well-appointed cloak room which has a vanity unit matching WC and tiled floor. The principal suite is situated on the ground floor, to the rear elevation of the building and has two casement windows over looking the garden. This is a spacious room with limed oak effect flooring and feature wall paper behind the bed, and there is ample room for wardrobes and chests of drawers. An original pine door leads to a useful dressing area which has a built-in wardrobe providing ample hanging and storage space and a further door leading to a laundry cupboard which houses the water softener and electrical controls. Beyond this is a well-appointed en-suite shower room with a fully tiled floor, large walk-in tiled shower cubicle, pedestal wash hand basin and WC.

The oak and glass stairs rise to a fantastic galleried landing which overlooks the principal reception area and there is a Velux window providing light. This space is currently used as a home study by the current owners. There are two bedrooms accessed via oak doors, one to the rear elevation of the building which has a part vaulted ceiling and a large Velux window, and feature brick wall paper. Beyond this is a spacious and well-appointed en-suite bathroom with a fully tiled bath surround with shower above, pedestal wash hand basin, matching WC along with an inbuilt storage cupboard.

The third bedroom is similar in size to the second but has an attractive vaulted feature and arch top window with stained glass and a Velux window.
