We are delighted to offer Booth House to the market.

This very private and generous sized family home has undergone a complete refurbishment by the current owners who have continually improved and expanded the living space over the last 16 years.

Booth House offers just shy of 4000 square feet of living space with fantastic panoramic views in every direction. Approached out of the village by a single track tarmac lane onto a winding private drive opening out through extensive lawned gardens onto a large parking apron.

The property is set in approximately one acre of more formal grounds and with 10 acres of grazing land surrounding the property.

This versatile home has space for everyone and with a triple garage, sunken fire-pit / seating area, large ornamental pond and extensive gardens ideal for children and adults alike. A great party house, enhanced by the large open plan living room and games room / bar, all opening onto the gardens.
