More Than Just an Apartment... It's a Lifestyle with a Balcony You'll Never Want to Leave.

Let's be honest... most apartment balconies are just big enough for a chair and a plant.

This one? It's the kind of outdoor space that makes your friends say, "Wait... this is an apartment?"

Built in 2022 and beautifully presented throughout, this exceptional two-bedroom apartment on Wharf Road offers contemporary city living with one feature that truly steals the show—an incredible private balcony measuring approximately 32'8" x 8'2". Whether it's lazy Sunday brunches, evening drinks under the stars or simply soaking up the sunshine with a good book, this is outdoor living on a scale that's rarely found in modern apartments.

Step inside and you'll instantly appreciate the bright, open feel. The stylish open-plan lounge and kitchen have been designed for the way we live today—whether you're entertaining friends, catching up over dinner or enjoying a quiet night in, it's a space that effortlessly adapts to every occasion.

The contemporary kitchen blends sleek design with everyday practicality and comes complete with integrated appliances including a fridge freezer, dishwasher, oven and hob, while elegant Amtico flooring adds a touch of luxury throughout the main living space.

The principal bedroom offers the perfect place to unwind after a busy day and is complemented by a beautifully appointed en-suite shower room, finished with striking marble-effect tiling that wouldn't look out of place in a boutique hotel. The second bedroom is equally versatile, making an ideal guest room, home office or dressing room depending on your lifestyle.

The fully tiled family bathroom continues the apartment's high-quality finish, while storage has been particularly well considered. In addition to a dedicated boiler cupboard and a cleverly designed utility cupboard that keeps laundry appliances neatly tucked away, there is a further hallway cupboard complete with shelving and a power socket—ideal for storing and charging a cordless vacuum, keeping household essentials organised or simply ensuring everyday clutter stays out of sight.

The communal areas have been designed with both convenience and security in mind. Lift access makes moving between floors effortless, while a comprehensive fob-access system provides additional peace of mind, controlling entry to the building, lift and stair core. The car park and cycle store benefit from their own separate secure access too.

Parking is another notable advantage. The apartment's allocated parking space sits within a secure gated compound and is held under a separate lease—an important distinction from some other parking spaces within the development. Visitor parking is also provided within the development, offering added convenience when friends and family come to stay.

There's no ground rent, while the service charge is approximately £150.00 per calendar month and includes the building insurance, helping to make ownership refreshingly straightforward.
